

**"...upbeat tunes, good
playing and laugh-out-loud
schtick"**

- Mankato Free Press

The Divers have been entertaining audiences with their somewhat hard-to-categorize show for over twenty years. Mixing original music, comedy and spontaneous nonsense, the Divers are a popular attraction for every age group.

Peter Bloedel, Loren Halvorson, Eric Halvorson, and Andy Overn present a wide repertoire of original compositions mixing elements of folk, rock, bluegrass, blues, and jazz. Their fun and unique sound emerges from an eclectic mix of instruments including acoustic guitar, mandolin, harmonica, bass, melodica, drums and snow shovel blended with rich vocal harmonies.

The Divers have performed regularly throughout Minnesota and as far away as Dallas, TX. If you or someone you know is planning entertainment for an event, college, festival, concert series etc... consider the Divers for a truly charming and fun concert experience. Mention the Divers at your favorite coffee shop or hang-out featuring live music... then threaten to hold your breath until you pass out if they don't hire the Divers to perform there!
